Route Information

 **Time:** Approx 1hr by bike to Goat Village (1hr 40 walking), then 1Hr to the lac Montriond (1hr 30 walking) mostly downhill all the way.

 **Difficulty:** Easy riding and walking on tarmac and gravel tracks at altitude. No steep inclines – all ages 5-6yrs + can do this on bikes if they are confident riders.

Bike & Walking Route

Take the Super Morzine Gondola and at the top you will take the **Zore chairlift** (100m away).

From top of Zore chairlift follow the ridgeline along the wide gravel track towards Avoriaz. This leads onto a tarmac road, and once you reach the Col de la Joux Verte restaurant, follow the switchback route that winds down to Lindarets.

 **Confident bikers on full-suspension Pro Bikes** can take an off-road trail down to Lindarets. Our free-use bikes are only suitable for the tarmac road. Do not take them on any Downhill trails - green, blue, red or black.

★ **For Fantasticable** - stop at Lindarets and take the Chaux Fleurie chairlift, (free for pedestrians) and at the top you will find Fantasticable.

 **For the Goat Village** - continue down towards the lake, signed Ardent and Lindarets Village or Goat village.

 **After a pitstop** continue down to Lake Montriond using the tarmac road which turns into an easy offroad bike and walking track.

 **To return home** take the free bus or enjoy an easy downhill ride (3-4Km) via the main road to Morzine, which is well signposted.
